Where a match is found, the spouse of the selected person will also be shown on the Record form. In some cases, there are discrepancies between the 2 records and the spouse record will not be shown and will need to be found separately.

The name of the parish or church may not be the same as its name when the marriage occurred, due to changes over the years. Similarly the religious denomination of a parish/church may also have changed (from Methodist to Uniting for example).
